Welding personnel - Qualification testing of welding operators and weld setters for mechanized and automatic welding of metallic materials

| Contents | | Page |
|--|--|-------------|
| Foreword | | iv |
| Introduction | | v |
| 1 | Scope | 1 |
| 2 | Normative references | 1 |
| 3 | Terms and definitions | 2 |
| 4 | Qualification | 3 |
| 4.1 | Methods of qualification | 3 |
| 4.2 | Essential variables and the range of qualification | 4 |
| 5 | Period of validity | 5 |
| 5.1 | Initial qualification | 5 |
| 5.2 | Confirmation of validity | 5 |
| 5.3 | Revalidation of qualification | 5 |
| 5.4 | Revocation of qualification | 5 |
| 6 | Certificate | 6 |
| 7 | Documentation | 6 |
| Annex A (normative) Functional knowledge appropriate to the welding unit | | 7 |
| Annex B (informative) Knowledge of welding technology | | 8 |
| Annex C (informative) Qualification test certificate for welding operators or weld setters | | 12 |
| Bibliography | | 14 |
