## Welding personnel - Qualification testing of welding operators and weld setters for mechanized and automatic welding of metallic materials

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	2
4	Qualification .....	3
4.1	Methods of qualification .....	3
4.2	Essential variables and the range of qualification .....	4
5	Period of validity .....	5
5.1	Initial qualification .....	5
5.2	Confirmation of validity .....	5
5.3	Revalidation of qualification .....	5
5.4	Revocation of qualification .....	5
6	Certificate .....	6
7	Documentation .....	6
Annex A (normative) Functional knowledge appropriate to the welding unit .....		7
Annex B (informative) Knowledge of welding technology .....		8
Annex C (informative) Qualification test certificate for welding operators or weld setters .....		12
Bibliography .....		14
