## Thermal spraying - Evaluation of adhesion/cohesion of thermal sprayed ceramic coatings by transverse scratch testing

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principle .....	1
5	Equipment and materials .....	2
6	Procedures of transverse scratch testing .....	2
6.1	General requirements for the testing specimen .....	2
6.2	Environmental conditions .....	2
6.3	Scratch testing on cross-section .....	2
6.4	Evaluation of failure mode .....	3
7	Scratch testing report .....	4
Annex A (informative) Typical coating failure modes after scratch testing .....		5
Annex B (normative) Transverse scratch testing record .....		6
Annex C (informative) Round robin test results of transverse scratch testing for plasma sprayed ceramic coatings .....		7
Bibliography .....		26
