Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Classification 1

4 Symbols and requirements 1
4.1 Symbol for the product/process 1
4.2 Symbol for the chemical composition 1

5 Chemical analysis 1

6 Retests 1

7 Marking 2

8 Standard sizes and tolerances 3
8.1 Electrode diameters 3
8.2 Electrode lengths 4

9 Electrode shape and condition 5
9.1 Electrode straightness 5
9.2 Electrode finish 5
9.3 Electrode quality 5

10 Rounding procedure 5

11 Marking and packaging 5
11.1 Marking 5
11.2 Packaging 6

12 Classification examples 6
