DIN EN 17832:2023-08 (E)

Thermal spraying - Determination of the feed rate with spray material in powder form in a producti on environment

Contents

Page

European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Auxiliary materials 6
4.1 Collecting vessel 6
4.2 Powder injector 7
4.3 Scales 7
4.4 Stopwatch 7

5 Preparation measurement 7
5.1 Guidelines 7
5.2 Determination of the time for stabilization of the powder flow 7

6 Measurement procedure 7
6.1 Manual measurement of the feed rate 7
6.2 Measurement using a collecting vessel attached by fixing connection 8
6.3 Repeating of measurement 8
6.4 Automatic measurement of the feed rate 8

7 Documentation 9

Annex A (informative) Protocol for feed rate determination 10
