DIN EN ISO 3834-6:2024-08 (E)

Quality requirements for fusion welding of metallic materials - Part 6: Guidelines on implementing the ISO 3834 series (ISO 3834 -6:2024)

Contents

Page

Euroean foreword ... **3**

Foreword ... **4**

Introduction ... **5**

1 Scope ... **6**

2 Normative references ... **6**

3 Terms and definitions ... **6**

4 Abbreviated terms ... **6**

5 Using the ISO 3834 series ... **6**
5.1 General ... 6
5.2 Product standards ... 7
5.3 Purchasers and users ... 7
5.4 Quality management systems in accordance with ISO 9001 ... 7
5.5 Quality management systems other than ISO 9001 ... 7
5.6 Manufacturers ... 7

6 Incorporating the ISO 3834 series in product standards ... **7**

7 Using other documents with the ISO 3834 series ... **7**

8 Documentation and quality systems ... **8**
8.1 Documentation ... 8
8.2 Quality management system ... 8

9 Selecting the level of quality requirements ... **9**

10 Implementation in fabrication ... **11**
10.1 General guidelines for implementation ... 11
10.1.1 Basic principles ... 11
10.1.2 Implementation ... 11
10.1.3 Control of welding ... 13
10.1.4 Production procedures ... 13
10.2 Organization ... 14

11 Interpretation of particular clauses in the ISO 3834 series ... **15**
11.1 Requirements review and technical review ... 15
11.2 Subcontracting ... 15
11.3 Welding coordination ... 16
11.3.1 General ... 16
11.3.2 Welding coordinator ... 16
11.3.3 Welding inspection personnel ... 17
11.3.4 NDT personnel ... 17
11.3.5 Correlation between ISO 14731 and ISO 3834 series quality levels ... 17
11.4 Equipment ... 18
11.5 Welding activities ... 18
11.6 Storage of parent metal ... 18
11.7 Calibration and validation ... 18
11.8 Identification and traceability ... 19

12 Assessment and certification ... **19**

Annex A (informative) **Examples of documents for the control of welding-related activities** ... **20**

Bibliography ... **23**
