DIN EN ISO 17660-1:2006-12 (E)

Welding - Welding of reinforcing steel - Part 1: Load-bearing welded joints (ISO 17660-1:2006)

Contents

Page

Foreword ... 3

Introduction ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 5

4 Symbols and abbreviated terms ... 6

5 Welding processes ... 7

6 Load-bearing welded joints ... 7

7 Materials ... 17

8 Quality requirements ... 17

9 Welding personnel ... 18

10 Welding procedure specification (WPS) ... 19

11 Welding procedures ... 19

12 Production weld test ... 21

13 Execution and inspection of production welding of reinforcing steel ... 22

14 Examination and testing of test specimens ... 24

15 Production log ... 27

Annex A (informative) **Welding procedure specification (WPS) for welding processes 111, 114, 135 and 136** ... 28

Annex B (informative) **Technical knowledge of welding coordinator for welding reinforcing steel** ... 30

Annex C (informative) **Test specimens** ... 31

Annex D (informative) **Assessment of the manufacturer performing welding** ... 35

Annex E (informative) **Evaluation of testing of welded joints** ... 36

Annex F (informative) **Example for production log** ... 37

Annex G (informative) **Classification of shear strength of load-bearing cross joints** ... 38

Annex H (informative) **Examples of diameter combinations for welding cross joints using welding processes 21 and 23** ... 39

Bibliography ... 40
