Foreword 3

Introduction 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 6

4 Symbols and abbreviations 7

5 Requirements for companies 7
5.1 Basic requirements 7
5.1.1 Manufacturer qualification 7
5.1.2 Personnel requirements 8
5.1.3 Company facilities 10
5.1.4 Production documents 10
5.1.5 Quality requirements and component classification 10
5.1.6 Sub-contracting 11
5.1.7 Conversion 11
5.2 Requirements for different types of military product 11
5.2.1 Military products with general requirements 11
5.2.2 Additional specific requirements 12

Annex A (normative) Procedure for obtaining a manufacturer qualification for welding, brazing and thermal spraying of military products 16

A.1 Proof-of-qualification process 16
A.1.1 Application 16
A.1.2 Audit 16
A.1.3 Technical discussion with the welding/brazing supervisor and thermal spraying specialist 17
A.1.4 Final discussion 17
A.2 Issuing of the manufacturer qualifications 17
A.2.1 General 17
A.2.2 Period of validity 17
A.2.3 Monitoring compliance with requirements 17
A.2.4 Prolongation of or modifications to manufacturer qualifications 17
A.2.5 Revocation of manufacturer qualifications 18

Annex B (normative) Application for a manufacturer qualification for welding, brazing and Tables
Table 1 -- Manufacturer qualification classes 8
