

DIN EN 15339-2:2007-06 (E)

Thermal spraying - Safety requirements for thermal spraying equipment - Part 2: Gas control units

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Gas control units	5
3.1	Function	5
3.2	Design	5
4	Components within a gas control unit	6
5	Requirements	7
5.1	General	7
5.2	Local separation of gas and electric power	7
5.3	Solid piping	7
5.4	Leak test	7
6	Safety standards	7
7	National rules	8
Annex A (informative)	Examples for design of gas control units	9
A.1	Simple gas control unit	9
A.2	Gas control-/closed loop control with integrated HMI	10
A.3	Gas control-/closed loop control with separate HMI	10
A.4	Pressurized enclosures	11
A.4.1	General	11
A.4.2	Pressure control	11
A.4.3	Ventilation	12
