ISO 18594:2007-03 (E)

Resistance spot-, projection- and seam-welding - Method for determining the transition resistance on aluminium and steel material

Contents

Page

Foreword iv

1 Scope 1

2 Terms and definitions 1

3 Basic principles 2

4 Measurement 2
4.1 Measuring set-up 2
4.2 Measurement procedure 5

5 Test equipment 6

6 Formulae and abbreviations for calculating the transition resistance 7

7 Test report 8

Annex A (informative) Test report 9

Bibliography 11
