|--|--|-------------|
| Foreword .....   |  | 3           |
| 1 Scope .....  |  | 4           |
| 2 Normative references .....   |  | 4           |
| 3 Symbols and definitions .....  |  | 4           |
| 4 Dimensions .....   |  | 5           |
| 4.1 General .....  |  | 5           |
| 4.2 Tolerances .....   |  | 6           |
| 4.3 Calculating the matching diameter .....  |  | 6           |
| 5 Joint preparation .....  |  | 9           |
| Figures Figure 1 -- Joint preparation as in DIN EN ISO 9692-1, Ref. no. 1.3, matched .....   |  | 5           |
| Figure 2 -- Joint preparation as in DIN EN ISO 9692-1, Ref. no. 1.6, matched .....   |  | 5           |
| Figure 3 -- Relationship between equations in Table 2 and outside diameters and wall thicknesses in Table 6 .....  |  | 7           |
| Tables Table 1 -- Tolerances for $d_p$ .....   |  | 6           |
| Table 2 -- Equations for calculating $d_p$ for tubes with outside diameter as in DIN EN 10216-1:2004-07, Table 6, or DIN EN 10216-2:2004-07, Table 7 .....   |  | 6           |
| Table 3 -- Equations for calculating $d_p$ for tubes with inside diameter and wall thickness as in DIN EN 10216-2:2004-07, Table 8, or inside diameter and minimum wall thickness as in DIN EN 10216-2:2004-07, Table 10 ..... |  | 7           |
| Table 4 -- Equations for calculating $d_p$ for tubes with outside diameter and minimum wall thickness as in DIN EN 10216-2:2004-07, Table 9 .....  |  | 8           |
| Tabelle 5 -- Equations for calculating $d_p$ for tubes ordered cold-finished with outside diameter and wall thickness as in DIN EN 10216-2:2004-07, Table 11 .....   |  | 8           |
| Table 6 -- Matching diameter $d_p$ as in Table 2 for tubes with outside diameter as in DIN EN 10216-1:2004-07, Table 6, or DIN EN 10216-2:2004-07, Table 7 .....   |  | 10          |
| Table 7 -- Matching diameter $d_p$ as in Table 3 for tubes with outside diameter as in DIN EN 10216-2:2004-07, Table 9 .....   |  | 13          |
| Table 8 -- Matching diameter $d_p$ as in Table 6 for cold-finished tubes with outside diameter as in DIN EN 10216-2:2004-07, Table 11 .....  |  | 16          |
| Table 9 -- Minimum allowable wall thickness $t_p$ for tubes with outside diameter as in DIN EN 10216-1:2004-07, Table 6, or as in DIN EN 10216-2:2004-07, Table 7 .....  |  | 19          |
| Table 10 -- Minimum allowable wall thickness $t_p$ for cold-finished tubes with outside diameter as in DIN EN 10216-2:2004-07, Table 11 .....  |  | 20          |
