

# DIN EN 1093-4:2008-09 (E)

Safety of machinery - Evaluation of the emission of airborne hazardous substances - Part 4: Capture efficiency of an exhaust system - Tracer method (includes Amendment A1:2008)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	4
4	Principle .....	5
5	Simplified expression of the capture efficiency .....	5
6	Test method .....	6
6.1	General procedure .....	6
6.2	Measurement of the concentration (C3) .....	8
6.3	Application to a specific group of machines .....	9
7	Control parameters and influencing factors .....	9
7.1	Control parameters .....	9
7.2	Influencing factors on capture efficiency .....	11
8	Test report .....	11
Annex A (informative) Simplified calculation of the random component of the uncertainty on C3 (95 %)	.....	13
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 98/37/EC	.....	14
Annex ZB (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC	.....	15
