Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Explosion Diverters 5
4.1 General 5
4.2 Special requirements to explosion diverters 6

5 Verification of efficacy and mechanical integrity of the diverter by experimental testing 6
5.1 General 6
5.2 Test Modules 7

6 Test Report 1

7 Information for use 1

8 Marking 14

Annex A (normative) Constructional design of pipe-in-pipe diverters 15

Annex B (informative) Explosion diverter types 17

B.1 Single pipe-in-pipe explosion diverter 17
B.2 Multiple pipe-in-pipe explosion diverter 17
B.3 Combination systems 18
B.4 Diverter with integrated internal closure (flap) 19

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 94/9/EC 20
