

DIN EN ISO 13138:2012-04 (E)

Air quality - Sampling conventions for airborne particle deposition in the human respiratory system (ISO 13138:2012)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	7
4.1	General	7
4.2	Rationale for the early penetration conventions (EN 481 and ISO 7708)	8
4.3	Need for particle deposition conventions	8
4.4	Intended application	8
5	Assumptions and approximations	8
6	Deposition sampling conventions	9
Annex A (informative) Deposition variation and its correction		14
