ISO 13138:2012-01 (E)

Air quality - Sampling conventions for airborne particle deposition in the human respiratory system

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Principle 3
4.1 General 3
4.2 Rationale for the early penetration conventions (EN 481 and ISO 7708) 4
4.3 Need for particle deposition conventions 4
4.4 Intended application 4

5 Assumptions and approximations 4

6 Deposition sampling conventions 5

Annex A (informative) Deposition variation and its correction 10
