Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Requirements 6
4.1 Materials 6
4.2 Construction 6
4.3 Field of vision 7
4.4 Shock absorbing capacity 9
4.5 Durability 9
4.6 Retention system 9
4.6.1 General 9
4.6.2 Chin strap 9
4.6.3 Fastening device 9
4.6.4 Colour 9
4.6.5 Strength 9
4.6.6 Effectiveness 9
4.6.7 Ease of release 10

5 Testing 10
5.1 Headforms 10
5.2 Inspection and determination of mass 10
5.3 Number of samples and sequence of tests 10
5.4 Determination of shock absorbing capacity 11
5.4.1 Test area 11
5.4.2 Conditioning 11
5.4.3 Apparatus 13
5.4.4 Procedure 15
5.5 Determination of retention system strength and ease of release 16
5.5.1 Apparatus 16
5.5.2 Procedure 16
5.6 Determination of retention system effectiveness 16
5.6.1 Apparatus 16
5.6.2 Procedure 20
5.7 Determination of field of vision 20
5.8 Test report 20

6 Marking 20

7 Information supplied by the manufacturer 21

Annex A (informative) Alternative procedure for artificial ageing 22

Annex B (informative) Significant technical changes between this European Standard and Annex ZA (normative) Relationship between this European Standard and the Essential Requirements of EU Directive 89/686/EEC Personal Protective Equipment 24
