DIN EN 926-2:2015-06 (E)

Paragliding equipment - Paragliders - Part 2: Requirements and test methods for classifying flight safety char acteristics

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Requirements 7
4.1 Paraglider classes 7
4.2 Classification of flight characteristics 8
4.3 Failure 8
4.4 Flight characteristics 8

5 Flight tests 29
5.1 General 29
5.2 Apparatus 29
5.3 Test specimen 30
5.4 Test conditions 32
5.5 Procedure 32

6 Test files 44
6.1 Test file information 44
6.2 Items accompanying the test files 44

7 User's manual 44

8 Manufacturing record 46

9 Marking 47

Annex A (normative) Measuring suspension line lengths 49
