## Cycles - Lighting and retro-reflective devices - Part 2: Retro-reflective devices

---

| <b>Contents</b> |                                                                      | <b>Page</b> |
|-----------------|----------------------------------------------------------------------|-------------|
| Foreword .....  |                                                                      | iv          |
| <b>1</b>        | <b>Scope .....</b>                                                   | <b>1</b>    |
| <b>2</b>        | <b>Normative references .....</b>                                    | <b>1</b>    |
| <b>3</b>        | <b>Terms and definitions .....</b>                                   | <b>1</b>    |
| <b>4</b>        | <b>General .....</b>                                                 | <b>2</b>    |
| 4.1             | Symbols and units used .....                                         | 2           |
| 4.2             | Chronological order of tests (only for reflectors) .....             | 3           |
| <b>5</b>        | <b>Photometrical requirements .....</b>                              | <b>4</b>    |
| 5.1             | Reflectors .....                                                     | 4           |
| 5.2             | Retro-reflective tyres .....                                         | 6           |
| 5.3             | Retro-reflective spokes or spoke cases .....                         | 7           |
| <b>6</b>        | <b>Colorimetric requirements .....</b>                               | <b>8</b>    |
| <b>7</b>        | <b>Physical requirements .....</b>                                   | <b>9</b>    |
| 7.1             | Reflectors .....                                                     | 9           |
| 7.1.1           | Construction .....                                                   | 9           |
| 7.1.2           | Test methods .....                                                   | 9           |
| 7.2             | Retro-reflective tyres .....                                         | 10          |
| 7.2.1           | Form and location .....                                              | 10          |
| 7.2.2           | Test methods .....                                                   | 10          |
| 7.3             | Retro-reflective spokes or spoke cases .....                         | 12          |
| 7.3.1           | Construction .....                                                   | 12          |
| 7.3.2           | Test methods .....                                                   | 12          |
| <b>8</b>        | <b>Photometric test .....</b>                                        | <b>13</b>   |
| 8.1             | General .....                                                        | 13          |
| 8.1.1           | Instrumentation arrangement .....                                    | 13          |
| 8.1.2           | Source of illumination .....                                         | 14          |
| 8.1.3           | Receiver .....                                                       | 14          |
| 8.1.4           | Observation distance .....                                           | 14          |
| 8.1.5           | Illuminance at the reflector .....                                   | 14          |
| 8.2             | Reflectors .....                                                     | 14          |
| 8.2.1           | Principle .....                                                      | 14          |
| 8.2.2           | Reflector mount (or support) .....                                   | 14          |
| 8.2.3           | Test area of reflector .....                                         | 15          |
| 8.2.4           | Orientation of reflector .....                                       | 15          |
| 8.3             | Retro-reflective tyres .....                                         | 15          |
| 8.3.1           | Principle .....                                                      | 15          |
| 8.3.2           | Test method .....                                                    | 15          |
| 8.4             | Retro-reflective spokes or spoke cases .....                         | 15          |
| 8.4.1           | Testing assemblies for retro-reflective spokes and spoke cases ..... | 15          |
| 8.4.2           | Test method .....                                                    | 16          |
| <b>9</b>        | <b>Colorimetric test .....</b>                                       | <b>16</b>   |
| 9.1             | Instrumental measurements .....                                      | 16          |
| 9.2             | Visual comparison .....                                              | 17          |

|            |                             |           |
|------------|-----------------------------|-----------|
| <b>9.3</b> | <b>Use of methods .....</b> | <b>17</b> |
| <b>10</b>  | <b>Marking .....</b>        | <b>17</b> |
|            | <b>Bibliography .....</b>   | <b>18</b> |
