|-------|-----------------------|
|       | Foreword              |
|       | Introduction          |
| 1     | Scope                 |
| 2     | Normative references  |
| 3     | Terms and definitions |
| 4     | Structure             |
| 5     | Requirements          |
| 5.1   | Materials             |
| 5.2   | Dimensions            |
| 5.3   | Mass                  |
| 5.4   | Elasticity            |
| 5.5   | Coating adhesion      |
| 5.6   | Safety                |
| 5.7   | Aspect                |
| 5.8   | Assembling            |
| 5.9   | Corrosion resistance  |
| 6     | Marking               |
| 7     | Test methods          |
| 7.1   | Dimensions            |
| 7.2   | Mass                  |
| 7.3   | Elasticity            |
| 7.3.1 | Measurement tools     |
| 7.3.2 | Test procedure        |
| 7.4   | Coating adhesion      |
| 7.5   | Safety                |
| 7.6   | Aspect                |
| 7.7   | Assembling            |
| 7.8   | Corrosion resistance  |
| 7.9   | Marking examination   |
