Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Classification 6

5 Requirements and test methods 7
5.1 General 7
5.2 Tolerances 7
5.3 Sharp edges 7
5.4 Security of safety-related fasteners 7
5.4.1 Security of screws 7
5.4.2 Minimum failure torque 7
5.5 Crack detection methods 7
5.6 Dimensions 8
5.7 Protrusions 8
5.7.1 Requirement 8
5.7.2 Test method 9
5.8 Assembly 10
5.9 Rear luggage carriers - Provision for lighting 10
5.10 Strength under high and low temperature 10
5.10.1 General 10
5.10.2 Requirement 10
5.10.3 High temperature test 10
5.10.4 Low temperature drop test 10
5.11 Dynamic load tests 10
5.11.1 Requirement 10
5.11.2 Test method - General 10
5.11.3 Vertical test - Test method 12
5.11.4 Lateral test - Test method 12
5.12 Static load test - Vertical load 13
5.12.1 Requirement 13
5.12.2 Test method 13
5.13 Static load test - Lateral load 14
5.13.1 Requirement 14
5.13.2 Test method 14

6 Marking 16
6.1 Requirement 16
6.2 Durability test 16
6.2.1 Requirement 16
6.2.2 Test method 17

7 Instructions 17
