DIN EN 15268:2008-11 (E)

Petrol filling stations - Safety requirements for the construction of submersible pump assemblies

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 List of significant hazards 7

5 Safety requirements and/or protective measures 9

6 Verification of the safety requirements and/or protective measures 13

7 Information for use 14

Annex A (informative) Subsystems of submersible pump assemblies 19

Annex B (normative) Test methods 20

Annex C (normative) Alternative requirements for explosion prevention and protection of the electrical motor 22

Annex D (informative) Guidance for the application, installation and maintenance of submersible pump assemblies and the connected pipe work 23

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements EU Directive 94/9/EC 27

Annex ZB (informative) Relationship between this European Standard and the Essential Requirements EU Directive 98/37/EC 31

Annex ZC (informative) Relationship between this European standard and the essential requirements of EU directive 2006/42/EC 32
