

DIN EN 15268:2008-11 (E)

Petrol filling stations - Safety requirements for the construction of submersible pump assemblies

Contents	Page
Foreword	3
Introduction	4
1 Scope	5
2 Normative references	5
3 Terms and definitions	6
4 List of significant hazards	7
5 Safety requirements and/or protective measures	9
6 Verification of the safety requirements and/or protective measures	13
7 Information for use	14
Annex A (informative) Subsystems of submersible pump assemblies	19
Annex B (normative) Test methods	20
Annex C (normative) Alternative requirements for explosion prevention and protection of the electrical motor	22
Annex D (informative) Guidance for the application, installation and maintenance of submersible pump assemblies and the connected pipe work	23
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements EU Directive 94/9/EC	27
Annex ZB (informative) Relationship between this European Standard and the Essential Requirements EU Directive 98/37/EC	31
Annex ZC (informative) Relationship between this European standard and the essential requirements of EU directive 2006/42/EC	32
Bibliography	33
