Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Robust planar Gaussian regression filter 6
4.1 General 6
4.2 Weighting function 6
4.3 Filter equation 7
4.4 Transmission characteristics 9

5 Robust cylindrical Gaussian regression filter 9
5.1 General 9
5.2 Weighting function 9
5.3 Filter equation 10
5.4 Transmission characteristics 11

6 Nesting Index for planar and cylinder surfaces 12

7 Filter designation 12

Annex A (informative) Regression filter 13

Annex B (informative) Examples 15

Annex C (informative) Relationship to the filtration matrix model 20

Annex D (informative) Relation to the GPS matrix model 22
