

# DIN EN ISO 16610-71:2014-12 (E)

## Geometrical product specifications (GPS) - Filtration - Part 71: Robust areal filters: Gaussian regression filters (ISO 16610-71: 2014)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1 Scope .....		5
2 Normative references .....		5
3 Terms and definitions .....		5
4 Robust planar Gaussian regression filter .....		6
4.1 General .....		6
4.2 Weighting function .....		6
4.3 Filter equation .....		7
4.4 Transmission characteristics .....		9
5 Robust cylindrical Gaussian regression filter .....		9
5.1 General .....		9
5.2 Weighting function .....		9
5.3 Filter equation .....		10
5.4 Transmission characteristics .....		11
6 Nesting Index for planar and cylinder surfaces .....		12
7 Filter designation .....		12
Annex A (informative) Regression filter .....		13
Annex B (informative) Examples .....		15
Annex C (informative) Relationship to the filtration matrix model .....		20
Annex D (informative) Relation to the GPS matrix model .....		22
Bibliography .....		24
