

DIN EN ISO 25178-1:2016-12 (E)

Geometrical product specifications (GPS) - Surface texture: Areal - Part 1: Indication of surface texture (ISO 25178 -1:2016)

Contents	Page
European foreword	3
Foreword	4
Introduction	6
1 Scope	7
2 Normative references	7
3 Terms and definitions	7
4 Graphical symbols for the indication of areal surface texture	7
5 Composition of complete graphical symbol for areal surface texture	9
5.1 General	9
5.2 Positions of surface texture requirements	9
6 Indication of areal surface parameters	10
6.1 Definition of the tolerance	10
6.2 Definition of the parameter	11
6.3 Indication of manufacturing method or related information	11
6.4 Indication of surface lay	11
6.5 Indication of machining allowance	13
6.6 Position on drawings and other technical product documentation	13
6.7 Proportions and dimensions of graphical symbols	13
6.8 Orientation of the evaluation area	13
7 Coordinate system	13
8 Digital product definition data	14
Annex A (normative) Proportions and dimensions of graphical symbols	15
Annex B (normative) Indications for unambiguous surface texture specifications	17
Annex C (informative) Examples of indications of areal surface texture requirements	21
Annex D (informative) Recommended procedures for indication of intersection planes	25
Annex E (informative) ISO special specification elements for areal surface texture	28
Annex F (informative) Relation to the GPS matrix model	30
Bibliography	31
