Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Preparation before installation 2
4.1 Target audience 2
4.2 Spatial characteristics 2
4.3 Renovation facilities 2
4.4 Collaborative work 2

5 Installation principles 3
5.1 Conformity with existing standards 3
5.2 Systematic 3
5.3 Continuity 3
5.4 Consistency 3
5.5 Conspicuity 4
5.6 Safety 4
5.7 Inclusivity 4
5.8 Environmental sensitivity 4

6 Installation method 5

7 Positioning 5
7.1 Location signs and direction signs 5
7.1.1 Setting location 5
7.1.2 Information conveying 5
7.1.3 Displacement 6
7.1.4 Mounting height 6
7.2 Information index signs 7
7.3 Location plans and diagrams 7
7.4 Location maps 7

8 Material, inspection and maintenance 7
8.1 Material 7
8.2 Inspection and maintenance 8

9 Assessment 8

Annex A (informative) Assessment list of public information guidance systems 9
