

ISO 18602:2013-01 (E)

Packaging and the environment - Optimization of the packaging system

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Terms and definitions		1
4 Requirements		3
4.1 Application		3
4.2 Packaging assessment		3
4.3 Demonstration that the requirements of this International Standard have been met		4
5 Critical areas to assess when determining the achievable level for packaging optimization		4
Annex A (informative) Guidelines on the use of this International Standard for determining the achievable level for packaging optimization		5
Annex B (informative) Examples of the application of this International Standard using the checklist		10
Annex C (informative) Assessment and minimization of substances or mixtures hazardous to the environment		15
Bibliography		26
