Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Symbols and abbreviated terms (except chemicals and reagents) 1

5 Principle 2

6 Materials 2
6.1 Test materials 2
6.2 Apparatus 2
6.3 Reagents 2

7 Procedures 3
7.1 Soil sampling and preparation 3
7.2 Soil slurries incubation 3
7.3 Gas samples analysis 4

8 Control of procedure (optional) 4

9 Data presentation and interpretation 4

10 Test report 4

Annex A (informative) Results obtained on two agricultural soils 6

Annex B (informative) International ring test 8
