DIN EN 806-5:2012-04 (E)

Specifications for installations inside buildings conveying water for human consumption - Part 5: Operation and maintenance

Contents

Page

Foreword 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 7

4 General 7

5 Documentation 7

6 Operation 8

7 Interruptions to operation and disconnection 8

8 Resumption of supply 9

9 Damage and faults 9
9.1 Change in water quality 9
9.2 Insufficient water supply 9
9.3 Noise emission 10

10 Alterations, extensions and refurbishment 10

11 Accessibility of installation components 10

12 Maintenance 10

Annex A (normative) Frequencies for inspection and maintenance of components for potable water installations 12

Annex B (normative) Inspection and maintenance procedures 14

B.1 Air gaps (protection device family A) 14
B.2 Pipe interrupters (protection unit family D type C) 14
B.3 Backflow preventer with controllable reduced pressure zone (protection unit BA) 15
B.4 Backflow preventer with different non-controllable pressure zones (protection unit CA) 17
B.5 Controllable antipollution check valves (protection units EA and EC) 18
B.6 Non-controllable antipollution check valves (protection units EB and ED) 19
B.7 Inline anti vacuum valve (protection units DA) 19
B.8 Pipe interrupter with atmospheric vent and moving elements (protection unit DB) 20
B.9 Hose union backflow preventer (protection unit HA) 21
B.10 Hose union anti-vacuum valve (protection unit type HB) 22
B.11 Automatic diverter (protection unit type HC) 22
B.12 Hose union anti vacuum valve combined with check valve (protection unit family H type D) 23
B.13 Pressurised air inlet valve (protection unit family L type A) 24
B.14 Pressurised air inlet valve combined with a check valve located downstream (protection unit family L type B) 24
B.15 Hydraulic safety groups and expansion groups 25

B.16 Pressure safety valves, expansion valves and combined temperature and pressure relief valves 26
B.17 Inline hot water supply tempering valves 27
B.18 Pressure reducing valve 27
B.19 Pressure booster pump 28
B.20 Water heaters 28
B.21 Fire fighting installations 28
B.22 Pipework 28
B.23 Water meters 28

Annex C (normative) Inspection and maintenance procedures for water conditioning devices 30
