DIN 1239:2018-04 (E)

Coverings for wells, spring water chambers and other water supply construction - Principles for const ruction

Contents

Page

Foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Dimensions and masses ... 5
3.1 Coverings, light series ... 5
3.1.1 Coverings, round or polygonal type ... 5
3.1.2 Coverings, square type ... 7
3.2 Coverings, heavy series, burglar-resistant according to DIN EN 1627 ... 9
3.2.1 Coverings, round or polygonal type ... 9
3.2.2 Coverings, square type ... 11
3.3 Coverings for spring water chambers (open water areas) ... 13
3.3.1 Coverings, round or polygonal type ... 13
3.3.2 Coverings, square type ... 15
3.4 Coverings, watertight up to 1 m head of water ... 17
3.4.1 Coverings, round or polygonal type ... 17
3.4.2 Coverings, square type ... 19

4 Materials and finishes ... 20
4.1 Coverings and frames ... 20
4.2 Locks ... 20
4.3 Seals ... 20
4.4 Thermal insulation ... 20

5 Requirements ... 20
5.1 Hygienic requirements ... 20
5.2 Technical requirements ... 21
5.3 Special equipment ... 21
5.4 Design features ... 21

6 Welded joints ... 21

7 Marking ... 21
