National foreword 4

National Annex NA (informative) Bibliography 10

Foreword ....~11

Introduction 12

1 Scope 14

2 Normative references 14

3 Termsanddefinitions 14

4 Principal aspects of the management of assets 19
4.1 Objectives and requirements 19
4.1.1 Objectives 19
4.1.2 Functional requirements 19
4.1.3 Performance requirements 21
4.2 General aspects 22
4.2.1 General 22
4.2.2 Principal aspects -- Wastewater utilities 22
4.2.3 Principal aspects -- Wastewater systems 23
4.2.4 Integrating the principal aspects 24
4.3 Risks and life cycle aspects 24
4.3.1 Risk 24
4.3.2 Life cycle 26
4.4 Structuring the process for management of assets 26
4.4.1 General 26
4.4.2 Strategies for the management of assets 27
4.4.3 Periods of planning 28
4.4.4 Strategic level activities 29
4.4.5 Tactical level activities 29
4.4.6 Operational-level activities 30

5 Investigation 30
5.1 General 30
5.2 Purpose of investigation 31
5.3 Determine the scope of the investigation 31
5.4 Types of investigation 31
5.4.1 Hydraulic investigation 31
5.4.2 Investigation of the process technique 32
5.4.3 Environmental investigation 32
5.4.4 Structural investigation 32
5.4.5 Operational investigation 32
5.5 Data collection 34
5.5.1 General 34
5.5.2 Data requirements 34
5.5.3 Inventory data 34
5.5.4 Condition data 34
5.5.5 Operational data 35

5.6 Data registering and data assignment ... 35
5.6.1 Data registering ... 35
5.6.2 Data assignment ... 36
5.6.3 Locational referencing ... 36
5.7 Review existing information ... 36
5.8 Inventory update ... 36
5.9 Review of performance information ... 37
5.10 Planning of investigation ... 37
5.11 Performance testing ... 37

6 Assessment ... 38
6.1 Principle ... 38
6.2 Assessment of hydraulic and pollutant elimination performance ... 39
6.3 Assessment of process performance ... 39
6.4 Assessment of environmental impact ... 39
6.5 Assessment of structural condition ... 39
6.6 Assessment of operational performance ... 39
6.7 Comparison with performance requirements ... 39
6.8 Identification of unacceptable impacts ... 40
6.9 Identification of causes of performance deficiencies ... 40

7 Planning ... 40
7.1 General ... 40
7.2 Develop integrated solutions ... 41
7.3 Assess solutions ... 41
7.4 Prepare action plan ... 42

8 Implementation ... 45
8.1 Introduction ... 45
8.2 Create/update plan ... 45
8.3 Carry out work ... 45
8.4 Monitor performance ... 46
8.5 Review performance ... 46

9 Operation and maintenance ... 46
9.1 General ... 46
9.2 Operation ... 47
9.3 Maintenance ... 48

10 Rehabilitation ... 49
10.1 General ... 49
10.2 Strategic plan for rehabilitation of physical infrastructure (long-term planning) ... 50
10.2.1 General ... 50
10.2.2 Strategic approaches ... 51
10.2.3 Budgeting ... 52
10.3 Tactical plan for rehabilitation of physical infrastructure (mid-term planning) ... 53
10.3.1 Risk-based approach to evaluation of priorities ... 53
10.3.2 Individual risk evaluation and prioritising for risk control ... 54
10.4 Operational plan -- Implementation plan for rehabilitation measures (short-term planning) ... 55

11 Documentation and performance review ... 55

Annex A (informative) Objectives and functional requirements ... 57

Annex B (informative) Example for the content of a wastewater master plan ... 60

Annex C (informative) Examples of data relevant for the management of wastewater treatment plants ... 61

Annex D (informative) Risk-based assessment for rehabilitation ... 65

Bibliography ... 66
