

DIN EN 17813:2024-03 (E)

Environmental solid matrices - Determination of halogens and sulfur by oxidative pyrohydrolytic combustion followed by ion chromatography

Contents		Page
European foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Principle	4
5	Interferences	5
5.1	Interferences during combustion	5
5.2	Interferences during absorption	5
5.3	Interferences during ion chromatography	5
6	Reagents and gases	5
6.1	General	5
6.2	Reagents for ion chromatography	5
6.3	Reagents and gases for combustion	7
6.4	Control standard	7
6.5	Reagents for absorption	8
7	Apparatus	8
7.1	Combustion apparatus	8
7.2	Ion chromatography (IC) system	9
8	Sampling and sample preparation	11
9	Procedure	11
9.1	Combustion	11
9.2	Absorption	12
9.3	Ion chromatography	12
9.4	Initial and daily checks	13
10	Calculation	14
11	Expression of result	14
12	Test report	14
Annex A (informative) Performance characteristics		15
