## Activities relating to drinking water and wastewater services - Guidelines for the management of wastewater utilities and for the assessment of wastewater services

---

| Contents  | Page |
|---|------|
| Foreword .....  | v    |
| Introduction .....  | vi   |
| 1 Scope .....   | 1    |
| 2 Normative references .....  | 1    |
| 3 Terms and definitions .....   | 2    |
| 4 Components of wastewater systems .....                              | 4    |
| 4.1 General .....   | 4    |
| 4.2 Types of wastewater systems .....                                 | 5    |
| 4.3 Centralized systems .....   | 5    |
| 4.3.1 Wastewater source .....   | 5    |
| 4.3.2 Transport from source to treatment .....                        | 5    |
| 4.3.3 Treatment .....   | 6    |
| 4.3.4 Storage, transport and distribution .....                       | 7    |
| 4.3.5 Disposal of residues .....                                      | 7    |
| 4.4 On-site-systems .....   | 7    |
| 4.4.1 Wastewater source .....   | 7    |
| 4.4.2 Collection and transport .....                                  | 7    |
| 4.4.3 Treatment .....   | 8    |
| 4.4.4 Storage, transport and distribution .....                       | 8    |
| 4.5 Disposal or reuse of residues .....                               | 8    |
| 5 Objectives for the wastewater utility .....                         | 9    |
| 5.1 General .....   | 9    |
| 5.2 Protection of public health .....                                 | 10   |
| 5.3 Meeting users' needs and expectations .....                       | 11   |
| 5.4 Provision of services under normal and emergency situations ..... | 11   |
| 5.5 Sustainability of the wastewater utility .....                    | 11   |
| 5.6 Promotion of sustainable development of the community .....       | 11   |
| 5.7 Protection of the environment .....                               | 12   |
| 5.7.1 Protection of the natural environment .....                     | 12   |
| 5.7.2 Protection of the built or public environment .....             | 12   |
| 5.8 Climate change .....  | 12   |
| 5.9 Higher user and service demands .....                             | 13   |
| 5.10 Available technologies .....                                     | 13   |
| 6 Management components of a wastewater utility .....                 | 13   |
| 6.1 General .....   | 13   |
| 6.2 Activities and process management .....                           | 14   |
| 6.3 Resources management .....  | 14   |
| 6.4 Asset management .....  | 14   |
| 6.5 Customer relations management .....                               | 15   |
| 6.6 Information management .....                                      | 15   |
| 6.7 Environmental management .....                                    | 15   |
| 6.8 Risk management .....   | 15   |
| 7 Guidelines for the management of wastewater utilities .....         | 16   |

|       |  |    |
|-------|--|----|
| 7.1   | <b>General</b> .....   | 16 |
| 7.2   | <b>Organization</b> .....  | 17 |
| 7.2.1 | <b>General</b> .....   | 17 |
| 7.2.2 | <b>Organizational structure and responsibilities</b> .....   | 17 |
| 7.2.3 | <b>Organization of work flow</b> .....   | 17 |
| 7.2.4 | <b>Operational documents and records</b> .....   | 17 |
| 7.3   | <b>Planning and construction</b> .....   | 18 |
| 7.4   | <b>Operations and maintenance</b> .....  | 19 |
| 7.4.1 | <b>General</b> .....   | 19 |
| 7.4.2 | <b>Technical activities</b> .....  | 19 |
| 7.4.3 | <b>Support activities</b> .....  | 20 |
| 8     | <b>Assessment of wastewater services</b> .....   | 22 |
| 8.1   | <b>General</b> .....   | 22 |
| 8.2   | <b>Assessment policy</b> .....   | 23 |
| 8.3   | <b>Goal and scope of the assessment</b> .....  | 23 |
| 8.4   | <b>Parties involved in the assessment</b> .....  | 23 |
| 8.5   | <b>Methodology of assessment</b> .....   | 24 |
| 8.6   | <b>Service assessment criteria</b> .....   | 24 |
| 8.7   | <b>Resources to conduct the assessment</b> .....   | 25 |
| 8.8   | <b>The production of output and recommendations for the use of the output</b> .....  | 25 |
| 9     | <b>Performance indicators</b> .....  | 25 |
| 9.1   | <b>General</b> .....   | 25 |
| 9.2   | <b>Performance indicator systems</b> .....   | 25 |
| 9.2.1 | <b>Key components of a performance indicator system</b> .....  | 25 |
| 9.2.2 | <b>Performance indicators</b> .....  | 26 |
| 9.2.3 | <b>Variables</b> .....   | 26 |
| 9.2.4 | <b>Context information</b> .....   | 27 |
| 9.3   | <b>Quality of the information</b> .....  | 27 |
| 9.4   | <b>Example of a performance indicator</b> .....  | 27 |
|       | <b>Annex A (informative) Schematics of wastewater systems</b> .....  | 29 |
|       | <b>Annex B (informative) Possible actions to achieve the objectives of the wastewater utility</b> .....  | 31 |
|       | <b>Annex C (informative) Possible actions related to the management of the wastewater utility</b> .....  | 37 |
|       | <b>Annex D (informative) Example of an assessment methodology for deciding on the implementation and calculation of performance indicators for wastewater utilities</b> .....  | 40 |
|       | <b>Annex E (informative) Examples of service assessment criteria related to the wastewater utility objectives, performance indicators related to assessment criteria, and service assessment criteria related to components of a wastewater system</b> ..... | 43 |
|       | <b>Annex F (informative) Example of confidence-grading scheme for performance indicator systems</b> ..   | 54 |
|       | <b>Bibliography</b> .....  | 56 |
