Foreword ..... **v**

Introduction ..... **vi**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **2**

4 Interferences **3**
4.1 Interferences during adsorption 3
4.2 Interferences during combustion 3
4.3 Interferences during ion chromatography 3

5 Principle **3**

6 Reagents **4**

7 Apparatus and materials **8**

8 Sampling and sample preparation **11**
8.1 General 11
8.2 Sampling for the AOF determination 12
8.3 Sampling for the AOCl-, AOBr- and AOI determination 12
8.4 Further procedure of sample preparation 12
8.4.1 AOF determination 12
8.4.2 AOCl, AOBr and AOI determination 12

9 Procedure **12**
9.1 Preliminary test 12
9.2 Homogenization 13
9.3 Sample preparation 13
9.3.1 General 13
9.3.2 Test sample for AOF determination 13
9.3.3 Test samples for AOCl, AOBr and AOI determination 13
9.4 Adsorption on activated carbon 13
9.4.1 Adsorption procedure 13
9.4.2 Washing of the activated carbon for AOF determination 14
9.4.3 Washing of the activated carbon for AOCl, AOBr and AOI determination 14
9.5 Additional procedure for samples containing suspended solids 14
9.6 Blank determination 14
9.6.1 AOF blank determination 14
9.6.2 AOCl, AOBr and AOI blank determination 14
9.7 Operation of the ion chromatography system 15
9.7.1 General 15
9.7.2 Calibration 15
9.7.3 Checking the ion chromatography 15
9.8 Combustion and absorption 15
9.9 Measurement of the absorption solution 15

10 Validation of the overall procedure **16**
10.1 Initial check 16
10.2 Daily check 16
10.3 Test to determine the completeness of the adsorption 16

11 Selection of usable analytical results **16**
12 Calculation **17**
13 Expression of the results **18**
14 Test report **18**
Annex A (normative) **Determination of adsorbable organically bound fluorine (AOF)** **19**
Annex B (normative) **Determination of adsorbable organically bound chlorine (AOCl)** **22**
Annex C (normative) **Determination of adsorbable organically bound bromine (AOBr)** **25**
Annex D (normative) **Determination of the adsorbable organically bound iodine (AOI)** **28**
Annex E (informative) **Determination of adsorbable organically bound fluorine, chlorine, bromine and iodine using the shaking procedure (SH-AOF, SH-AOCl, SH-AOBr and SH-AOI)** **31**
Annex F (informative) **Determination of adsorbable organically bound fluorine, chlorine, bromine and iodine in waters with high halide contents after solid phase extraction (SPE-AOF, SPE-AOCl, SPE-AOBr, SPE-AOI)** **34**
Annex G (normative) **Test to determine the completeness of the adsorption by individual combustion of the activated carbons from the multiple determinations and separate absorption** **37**
Annex H (normative) **Test to determine the completeness of the adsorption by common combustion of the activated carbons from different dilution levels** **38**
Annex I (normative) **Test to determine the completeness of the adsorption by adsorption on columns connected in series with different quantities of adsorption columns** **39**
Annex J (normative) **Calculation of the CIC-AOX$_{(Cl)}$ from the AOCl, AOBr and AOI results added according to Annex B, Annex C and Annex D** **40**
Annex K (informative) **Performance data** **41**
Bibliography **43**
