Foreword 3

Introduction 4

1 Scope 7

2 Normative references 7

3 Terms and definitions 7

4 Preparation of a Sampling Plan 11
4.1 Principle 11
4.2 Key elements of a Sampling Plan 14
4.2.1 Involved parties 14
4.2.2 Objectives of the Testing Programme 14
4.2.3 Testing level 14
4.2.4 Identify constituents to be tested 15
4.2.5 Background information on material 15
4.2.6 Health and safety 16
4.2.7 Select sampling approach 17
4.2.8 Identify sampling technique 19

5 Sampling 19
5.1 Taking the sample 19
5.2 Delivery 20

6 Reporting 20
6.1 Document Sampling Plan 20
6.2 Sampling Record 20

Annex A (informative) Example information Sampling Plan 22

Annex B (informative) Example information Sampling Record 23
