

DIN EN 14701-2:2006-09 (E)

Characterization of sludges - Filtration properties - Part 2: Determination of the specific resistance to filtration

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Terms and definitions		5
4 Principle		5
5 Apparatus		5
6 Procedure		6
6.1 Reduced pressure (Figure A.1)		6
6.2 Under pressure (Figure A.2)		7
6.3 Under pressure with a piston (Figure A.3)		7
7 Expression of results		8
8 Precision		8
9 Test report		8
Annex A (informative) Filtration apparatus		10
Annex B (informative) Table of viscosity		12
Annex C (informative) Result of validation trials		13
Bibliography		18
