DIN EN ISO 19493:2007-09 (E)

Water quality - Guidance on marine biological surveys of hard-substrate communities (ISO 19493:2007)

Contents

Page

Foreword .....

Introduction .....

1 Scope .....

2 Terms and definitions .....

3 Quality and safety .....

4 Strategies and objectives for hard-substrate surveys .....

6 Taxon identification and sample processing .....

Annex B (informative) Field recording form .....

Annex C (informative) Biological definition of the supralittoral, eulittoral and sublittoral zones .....

Annex D (informative) Basis for the choice of semi-quantitative surveys in a standard .....

Annex E (informative) Detailed method for calculating level of exposure .....

Bibliography .....

17 21 22 24 25 . 3 15 12Sampling .....

Annex A (normative) Description of methods .....
