DIN ISO 15312:2019-04 (E)

Rolling bearings - Thermal speed rating - Calculation (ISO 15312:2018)

Contents

Page

1 Scope 6

2 Normative references 6

3 Termsanddefinitions 6

4 Symbols and units 8

5 Reference conditions 8
5.1 General 8
5.2 Reference conditions determining the frictional heat generation 8
5.2.1 Reference temperatures 8
5.2.2 Reference load 9
5.2.3 Lubrication 9
5.2.4 Other reference conditions 9
5.3 Reference conditions determining the heat emission 10
5.3.1 Heat emitting reference surface area 10
5.3.2 Reference heat flow density 11

6 Calculation of the thermal speed rating 12

Annex A (informative)Coefficientsf0r and f1r 14

Annex B (informative) Explanatory notes 16

Annex C (informative) Thermal speed rating for rolling bearings with grease lubrication 17
