## Gas cylinders - Service life performance of composite cylinders and tubes

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	History of composite cylinder design .....	2
5	Current testing regimes .....	2
5.1	General .....	2
5.2	Requirements at the design, construction and testing stage .....	2
5.3	Requirements at Pre-fill inspection .....	5
5.4	Requirements at Periodic inspection and testing .....	6
6	Significance of cylinder test on their performance .....	6
7	Service performance including pre-fill and periodic inspection and test .....	8
8	Summary and conclusions .....	8
Bibliography .....		9
