Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Requirements for steels with specified yield strength uuuu 460 N/mm2 2

5 General test requirements 4

6 Welds 5

7 Requirements for aluminium and aluminium alloys, copper and copper alloys and austenitic stainless steels 5

Annex A (informative) Case proposal -- Technical justification for temperature adjustment term 18
