Foreword 4

Introduction 5

1 Scope 6

2 Normative references 6

3 Terms, definitions and symbols 7
3.1 Terms and definitions 7
3.2 Symbols 7

4 Materials 8

5 Design 9
5.1 General requirements 9
5.2 Calculation of cylindrical shell thickness 10
5.3 Design of torispherical and semi-ellipsoidal ends concave to pressure 10
5.4 Design of ends of shapes other than torispherical and semi-ellipsoidal 14
5.5 Minimum wall thickness 14
5.6 Design of openings 15
5.7 Valve protection 15
5.8 Non-pressure containing attachments 15

6 Construction and workmanship 15
6.1 Welding qualification 15
6.2 Plates and pressed parts 16
6.3 Welded joints 16
6.4 Tolerances 18
6.4.1 Out-of-roundness 18
6.4.2 Straightness 18
6.4.3 Verticality 18
6.5 Closure of openings 18
6.6 Heat treatment 18

7 Tests and examinations 19
7.1 General 19
7.2 Types of test and evaluation of test results 19
7.3 Test specimens and related tests and examinations 19
7.3.1 Two-piece cylinders 19
7.3.2 Three-piece cylinders 20
7.3.3 Valve boss welds 21
7.4 Tensile test 22
7.4.1 Parent metal 22
7.4.2 Welds 22
7.5 Bend test 22
7.5.1 Procedure 22
7.5.2 Requirements 23
7.6 Burst test under hydraulic pressure 24
7.6.1 Procedure 24
7.6.2 Requirements 25

7.7 Pressure test ... 26
7.7.1 Procedure ... 26
7.7.2 Requirements ... 26
7.8 Radiographic examination ... 26
7.8.1 Procedure ... 26
7.8.2 Assessment ... 27
7.8.3 Requirements ... 27
7.9 Macro examination ... 28
7.9.1 Procedure ... 28
7.9.2 Requirement ... 28
7.10 Visual examination of the surface of the weld ... 28
7.10.1 Procedure ... 28
7.10.2 Requirements ... 28
7.11 Fatigue test ... 28
7.11.1 Procedure ... 28
7.11.2 Requirements ... 29

8 Technical requirements for type approval ... 29
8.1 Extent of testing ... 29
8.2 Cylinder types ... 29
8.3 Type approval certificate ... 30

9 Production testing and examination requirements ... 30
9.1 Tests and examinations applicable to all cylinders ... 30
9.2 Radiographic examination ... 30
9.3 Macro examination ... 31
9.4 Examination of valve boss weld ... 31
9.5 Examination of non-pressure containing attachment welds ... 31
9.6 Unacceptable imperfections found by the radiographic or macro examinations ... 31
9.7 Batch testing (mechanical / burst tests) ... 32
9.7.1 Batch ... 32
9.7.2 Inspection lots ... 32
9.7.3 Rate of sampling ... 32
9.7.4 Additional checks ... 34
9.8 Failure to meet mechanical and burst test requirements ... 34
9.8.1 Mechanical ... 34
9.8.2 Burst ... 34
9.8.3 Batch retest ... 34
9.8.4 Resubmission of a batch ... 35
9.8.5 Weld repairs ... 35

10 Marking ... 35

11 Certificate ... 35

Annex A (normative) Manufacturer's marking ... 36

Bibliography ... 37
