## Rubber and plastics - Polymer dispersions and rubber latices - Determination of pH

| <b>Contents</b>                              |   | <b>Page</b> |
|--|---|-------------|
| Foreword .....                               |   | iv          |
| <b>1</b>                                     | <b>Scope .....</b>                                    | <b>1</b>    |
| <b>2</b>                                     | <b>Normative references .....</b>                     | <b>1</b>    |
| <b>3</b>                                     | <b>Reagents .....</b>                                 | <b>1</b>    |
| <b>4</b>                                     | <b>Apparatus .....</b>                                | <b>2</b>    |
| <b>5</b>                                     | <b>Sampling .....</b>                                 | <b>2</b>    |
| <b>6</b>                                     | <b>Procedure .....</b>                                | <b>2</b>    |
| <b>6.1</b>                                   | <b>General .....</b>                                  | <b>2</b>    |
| <b>6.2</b>                                   | <b>Maintenance of the electrode .....</b>             | <b>3</b>    |
| <b>6.3</b>                                   | <b>Calibration of the pH-meter .....</b>              | <b>4</b>    |
| <b>6.4</b>                                   | <b>Measurement of the pH of the test sample .....</b> | <b>5</b>    |
| <b>7</b>                                     | <b>Expression of results .....</b>                    | <b>6</b>    |
| <b>8</b>                                     | <b>Test report .....</b>                              | <b>6</b>    |
| <b>Annex A (informative) Precision .....</b> |   | <b>7</b>    |
| <b>Bibliography .....</b>                    |   | <b>9</b>    |
