Foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 5

4 Shape and dimensions ... 5

5 Material ... 5

6 Requirements ... 5
6.1 Material requirements ... 5
6.2 Compatibility with contact media ... 6

7 Test methods ... 6
7.1 General ... 6
7.2 Tensile strength and elongation at break ... 6
7.3 Compression set at 23 °C ... 6
7.4 Compression set at 70 °C ... 6
7.5 Compression set at −10 °C ... 7
7.6 Thermal ageing ... 7
7.7 Resistance to ozone ... 7
7.8 Properties after water absorption ... 7
7.9 Compatibility with contact media ... 7
7.10 Reaction to fire ... 7

8 Test report ... 7
