

# DIN EN 622-5:2010-03 (E)

## Fibreboards - Specifications - Part 5: Requirements for dry process boards (MDF)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	5
4	Requirements .....	6
4.1	General .....	6
4.2	Requirements for non load-bearing boards, including boards for general purpose use .....	7
4.2.1	Requirements for boards for use in dry conditions .....	7
4.2.2	Requirements for boards for use in humid conditions .....	7
4.3	Requirements for load-bearing boards .....	8
4.3.1	Requirements for load-bearing boards for use in dry conditions .....	8
4.3.2	Requirements for load-bearing boards for use in humid conditions .....	8
4.4	Requirements for light MDF boards for non load-bearing applications, including general purpose boards .....	9
4.4.1	Requirements for boards for use in dry conditions .....	9
4.4.2	Requirements for boards for use in humid conditions .....	10
4.5	Requirements for ultra-light MDF boards for non load-bearing applications, including general purpose boards .....	10
4.6	Requirements for boards for use in rigid underlays in roofing and walls .....	11
5	Verification of compliance .....	12
5.1	General .....	12
5.2	External control .....	12
5.3	Factory production control .....	12
6	Supplementary properties .....	12
7	Marking .....	13
7.1	Boards marketed within the European Economic Area for construction applications .....	13
7.2	Other boards .....	13
Annex A (normative) Boil test according to EN 1087-1 - Modified procedure .....		14
Bibliography .....		15
