Foreword 3

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Requirements 5
4.1 General 5
4.2 Material 6
4.3 Appearance 6
4.4 Physical characteristics 6
4.5 Mechanical characteristics 7
4.5.1 Falling mass impact resistance 7
4.5.2 Flexural properties 7
4.5.3 Durability of products against biological agents 7
4.5.4 Durability of the products against ageing and moisture 8
4.5.5 Thermal properties 9
4.5.6 Additional characteristics 9

5 Marking 10

Annex A (informative) Minimum frequencies of testing for factory production control purposes 12
