Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms, definitions, abbreviations and symbols 7
3.1 Terms and definitions 7
3.2 Abbreviations and symbols 9

4 Assignment to use class(es) 10

5 Efficacy 11
5.1 Principal requirements 11
5.2 Additional requirements in Table 1 to Table 5 11

6 Tests for efficacy according to use class 15
6.1 Use class 1 15
6.2 Use class 2 16
6.3 Use class 3 16
6.4 Use class 4 17
6.5 Use class 5 18

7 Derivation of critical values 18

8 Marking 19

9 Product identification 19
9.1 Type testing 19
9.2 Identity of the preservative product 19

Annex A (informative) Guidance on re-testing after making variations in product formulation 27

A.1 Introduction 27
A.2 No requirements for new biological testing 27
A.3 Requirement for minimum new biological testing 28
A.4 Requirement for full new biological testing 32

Annex B (informative) Production control 33

B.1 Procedure 33
B.2 Records 34

Annex C (informative) Methods of application 35

Annex D (informative) Type of wood 36

Annex E (informative) Artificial ageing procedures 37

Annex F (informative) Significance of specific biological agents 38

Annex G (informative) Minimum efficacy requirements 39

Annex H (normative) Validity of test results from former standards after their revision 40
