Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1
3.1 Specification terms and definitions 1
3.2 Realization terms and definitions 6

4 Abbreviated terms 7

5 Overview of interface suites 7

6 Integrity Management interface suites 8
6.1 Interface suites for extraction and modification of the software configuration 8
6.2 Management activation interface suites 29
6.3 Support interface suites 39

7 Realization overview 49
7.1 Introduction 49
7.2 System Integrity management mechanisms 49
7.3 Roles in System Integrity Management 50

8 System Integrity Management realization 51
8.1 Structural view 51
8.2 Behavior View 56
8.3 Deployment view 60
8.4 Scenarios 64

Annex A (informative) **M3W component models** 65

Annex B (informative) **Example diagnostic checks** 67

Annex C (informative) **Example scenarios** 70

Annex D (informative) **Integrity Management example XML schema definitions** 72
