

ISO/IEC 24773:2008-09 (E)

Software engineering - Certification of software engineering professionals - Comparison framework

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
1.1	Purpose	1
1.2	Field of application	1
2	Normative references	1
3	Terms and definitions	1
4	Requirements for a Certification Scheme	2
5	Knowledge and skills	3
5.1	Body of knowledge	3
5.1.1	Software engineering body of knowledge	3
5.1.2	Other technical knowledge requirements	3
5.1.3	Knowledge of appropriate standards	3
5.1.4	Domain knowledge	3
5.2	Cognitive levels	3
5.3	Skills	3
5.3.1	Software engineering skills	3
5.3.2	Generic professional skills	3
5.4	Performance levels	4
6	Evaluation of competence	4
7	Delegation	4
8	Code of ethics and professional practice	4
9	Maintenance of certification	5
9.1	Renewal of certification	5
9.2	Continuing professional development	5
