

DIN CEN/TS 16634:2014-06 (E)

Personal identification - Recommendations for using biometrics in European Automated Border Control; English version CEN/TS 16634:2014

Contents	Page
Foreword.....	3
Introduction	4
1 Scope	5
2 Terms and definitions	5
3 Abbreviated terms	8
4 ABC systems - an overview	9
4.1 Concept.....	9
4.2 Biometric references	9
4.3 Types of travel documents	10
4.3.1 General.....	10
4.3.2 National identity cards	10
4.3.3 Biometric passports	10
4.3.4 Schengen visa.....	11
4.4 Topologies of ABC systems	11
5 Biometric systems in ABC	11
5.1 General recommendations	11
5.1.1 Usability and accessibility	11
5.1.2 Architecture.....	13
5.1.3 Biometric security functions	15
5.1.4 Logging, data protection and privacy.....	20
5.2 Recommendations for face biometrics	20
5.2.1 Condition for good quality sample acquisition	20
5.2.2 Biometric verification and process design	21
5.2.3 Security.....	22
5.2.4 Usability and environment.....	23
5.3 Recommendations for fingerprint biometrics	23
5.3.1 Condition for good quality sample acquisition	23
5.3.2 Biometric verification and process design	24
5.3.3 Usability and environment.....	24
5.4 Recommendations for iris biometrics	25
5.4.1 Condition for good quality sample acquisition	25
5.4.2 Biometric verification and process design	26
5.4.3 Security.....	27
5.4.4 Usability and environment.....	27
Annex A (informative) Testing examples — Facial Images.....	29
Annex B (informative) Example process for multi-camera systems for 3D face recognition	30
Bibliography	32
