

DIN CEN/TS 16634:2014-06 (E)

Personal identification - Recommendations for using biometrics in European Automated Border Control; English version CEN/TS 16634:2014

Contents		Page
Foreword.....		3
Introduction		4
1 Scope		5
2 Terms and definitions		5
3 Abbreviated terms		8
4 ABC systems - an overview		9
4.1 Concept.....		9
4.2 Biometric references		9
4.3 Types of travel documents		10
4.3.1 General.....		10
4.3.2 National identity cards		10
4.3.3 Biometric passports		10
4.3.4 Schengen visa.....		11
4.4 Topologies of ABC systems		11
5 Biometric systems in ABC		11
5.1 General recommendations		11
5.1.1 Usability and accessibility		11
5.1.2 Architecture.....		13
5.1.3 Biometric security functions		15
5.1.4 Logging, data protection and privacy.....		20
5.2 Recommendations for face biometrics		20
5.2.1 Condition for good quality sample acquisition		20
5.2.2 Biometric verification and process design		21
5.2.3 Security.....		22
5.2.4 Usability and environment.....		23
5.3 Recommendations for fingerprint biometrics		23
5.3.1 Condition for good quality sample acquisition		23
5.3.2 Biometric verification and process design		24
5.3.3 Usability and environment.....		24
5.4 Recommendations for iris biometrics		25
5.4.1 Condition for good quality sample acquisition		25
5.4.2 Biometric verification and process design		26
5.4.3 Security.....		27
5.4.4 Usability and environment.....		27
Annex A (informative) Testing examples — Facial Images.....		29
Annex B (informative) Example process for multi-camera systems for 3D face recognition		30
Bibliography		32
